Corn, Grain and Hobby Show At Armory Here This Week

It's show time in Fayette County on Thursday, Friday and Saturday this week.

Once again residents of the city and county will have an opportunity to view exhibits at the 27th annual Corn, Grain and Hobby Show at the Armory.

The general public is invited to look over the exhibits beginning late Thursday afternoon. There is no charge.

First corn will be put into place beginning at noon Thursday while the Hobby Show exhibits should be ready to be viewed by Thursday afternoon.

An addition a few years ago,

the Hobby Show has become one of the most popular features of the annual exhibition. This year there will be entries made in 30 classes.

More than 200 entries are expected in the 34 corn and grain classes, according to a spokesman from the Fayette County Seed Improvement Association, sponsor of the corn and grain show.

Aims At Improvement

The corn show aims at the improvement of corn in this county. Farmers have an opportunity to view the products from other farms and improve their grain

accordingly.

Through the efforts of the association and modern advances in growing, farmers of this county have steadily gotten away from pollinated and are now producing hybrids almost exclusively.

The corn will be judged and placed by Homer Smith and Mac Inlow, the latter of near Sabina. Sweepstakes trophies will be awarded Friday night at the annual farmers and businessmen's banquet at the Masonic Temple. This year the businessmen will host the farmers.

Besides ribbons some 200 cash (Please turn to Page Eleven)

NEW MOVES TO END WAR

Ferrell Smith Is Chairman of Red Cross Drive

Goal of \$11,358 Set for Campaigning In Fayette County

Ferrell Smith, 29, of Washington C. H. was named chairman of the annual Red Cross fund drive Tuesday and a goal of \$11,358 for the campaign was announced.

Ferrell Smith

In taking over the position, Smith declared that the goal for the campaign, to be conducted here in March, is the highest of any year since World War II.

Smith is a graduate of Washington C. H. High School. He moved here from Marion in 1937 and since World War II has operated the Smith Floral Shop.

During the war he served with (Please turn to Page Eleven)

Law of Jungle Terrifies Crowd

Lion Kills Tiger During Show

DETROIT, Feb. 20.—(AP)—The savage law of the jungle asserted itself in the sawdust ring of a circus yesterday.

It was quick, it was cruel, and Sheba, a Royal Bengal tiger of Clyde Beatty's animal act, was slain.

Prince, a big African lion, was the killer.

The scene was the Shrine Circus at the Fair Grounds Colosseum. Three thousand school children were the audience to Prince's lastful fury.

He leaped on Sheba and sank his jaws into her back in the course of an act accompanied by

barking guns and snapping whips of trainers.

There was perhaps a merciful element to it, however. Few, if any, of the wide-eyed youngsters were aware of Prince's vicious accomplishment.

It happened that fast. Growls on hand understood, but they said the children were spared.

"My kid," said one, "was more interested in when he was going to get his balloon."

It didn't seem like a fair fight. Prince leaped without warning from his pedestal. And Prince was much bigger than Sheba.

In the instant of the attack

Beatty couldn't do anything to halt it.

He held back other animals in his lions and tigers act. A roustabout fired a blank gun through the cage bars against Prince's ear.

The lion let go. Sheba dragged herself away. About an hour later she was dead.

Beatty mourned her loss.

"She was the whole act," he said. "I wouldn't have taken \$10,000 for her."

The show, of course, went on. Prince stayed in the act. The lions and tigers performed again last night.

UN Drafts Plan As Reds on Run In Korea Again

No Hints Given On 38th Parallel; MacArthur at Front

UNITED NATIONS, N. Y., Feb. 20.—(AP)—With battered Chinese Communist troops pulling back in Korea, a United Nations peace group started daily meetings today to try for a diplomatic victory to get them out of the fight altogether.

The three-man good offices committee, headed by Assembly President Nasrallah Entezam of Iran, met for the first time yesterday and decided on the daily talks to press for a negotiated peace.

Entezam, stressing a need for secrecy, declined to say how his group hoped to contact the Red regime in Peiping or to hint at what proposals might be made to Mao Tse-tung.

Two facts were known, however:

1. Committee member Sven Graftstrom of Sweden represents a country with an embassy in Peiping. Through it contact might be made.

2. Red China's demands -- that the UN order all foreign troops out of Korea, order the American fleet to withdraw from Formosan waters (Please turn to Page Two)

Investigations Set Up for Ohio

State's Lawmakers Lay Probe Plans

By ART PARKS
COLUMBUS, Feb. 20.—(AP)—A move to investigate subversive activities in Ohio today appeared headed for a vote in the Ohio House of Representatives late this week.

A resolution calling for a Senate-House inquiry started through the legislative mill last night when it was sent to the House reference committee. It advanced another step when the reference committee immediately sent it on to the rules committee.

If the rules committee acts promptly, the House can vote on the measure Thursday morning. If the House approves, the resolution would go to the Senate, whose Republican leadership is reported favorable to it.

The investigation was asked last (Please turn to Page Eleven)

Cowboys and Cops In Buffalo Hunt In Denver Streets

DENVER, Feb. 20.—(AP)—Cowboys and police joined in a buffalo hunt on the streets of Denver last night.

Two big bison being transferred to a pen at the Denver stockyards broke away, cleared four fences and headed toward town.

One went down a railroad track toward a freight train. A trainman standing nearby climbed aboard in record time as the buffalo bore down on him.

Thirty police got in on the chase, after the radio dispatcher followed up his original call with, "well, that's what the man said--buffaloes."

The policemen and two cowboys on horseback finally captured the pair after a two-hour chase.

The animals were brought here from a game refuge at Genesee Park, in the mountains west of Denver, consigned for sale to a Wyoming rancher by a William F. Cody. At least, that's what the records showed. The Buffalo Bill Cody died in 1919.

Army Meat Scandal Leads to Indictment

WASHINGTON, Feb. 20.—(AP)—The government today charged a New Jersey meat packing firm, its vice president and two soldiers with conspiracy to deliver inferior meats to the army.

Attorney General McGrath announced a federal grand jury at Newark indicted the group a few minutes before noon, accusing them of "a scheme to defraud the government."

The justice department said the firm, Ben Grunstein and Sons Co., Hoboken, N. J., had "corrupted the army inspectors" by gifts and money payments in order to have them "approve for delivery to the army large quantities of inferior meat."

The department said the indictment named in addition to the company, its vice president and secretary, William Grunstein, former army Captain John F. Jones of Easton, Md., and army Sergeant Samuel A. Auman of Dothan, Ala.

Railroad Indicted For Manslaughter

NEW BRUNSWICK, N. J., Feb. 20.—(AP)—The giant Pennsylvania Railroad stands accused of manslaughter on 84 separate indictments today—exactly two weeks after "The Broker" crashed at Woodbridge with the loss of 84 lives.

The indictments, in the names of each of the dead commuters, were returned last night by the Middlesex County Grand Jury to climax its probe into the disaster -- the nation's worst since 1918.

If convicted on each count, the railroad faces a maximum fine of \$84,000.

Since no individual defendants were named in the indictments, which charged the company did "feloniously kill and slay" the 84 riders, jail terms are not possible.

Legal experts said there was a remote possibility the state's attorney general might investigate further legal proceedings against the road aimed at revoking its operating franchise in New Jersey.

Woman Can't Pay Tax Because of Bank Strike

CLEVELAND, Feb. 20.—(AP)—County Treasurer Leslie R. Monroe wrote a woman in Ireland last month, asking her to pay a \$5.74 tax bill on a vacant lot she owns here. This reply arrived by air mail yesterday from Teresa Gallagher of Befeenaum, county mayo: "Your tax demand came today. The bank officials are on strike since before last Christmas. They are to open one of these days, when I will attend to this matter immediately."

New RFC Plan Is Assailed, too

Truman Capitulation Gains Him Nothing

WASHINGTON, Feb. 20.—(AP)—President Truman has unexpectedly knuckled under to congressional demands for a change of Reconstruction Finance Corporation (RFC) management, but his new plan inspired new criticism.

A move got under way in the Senate today to block the president's part-surrender, part-compromise proposal to abolish the RFC's five-man board of directors and install an administrator to do their jobs.

Mr. Truman sent the reorganization plan to Congress yesterday (Please turn to Page Two)

Fog and Rain Hit Wide Area

(By The Associated Press)
It wasn't cold but it was wet and foggy over wide areas of the country today.

Wet belts stretched across many sections of the eastern half of the nation. There also was rain in the coastal regions of the Pacific northwest. The downpours caused many rivers to flood, but there were no major flood areas.

Showers and thunderstorms were reported in the central plains states northeastward through the middle Mississippi and lower Ohio Valleys and in Tennessee. Rain and drizzle dampened New York and most of the New England states. There was considerable fog and local drizzle over most of the north central states.

Temperatures continued fairly mild for the date over almost the entire country. The warmest weather was from the Gulf States northward to the Ohio Valley and the middle Atlantic states. The lowest temperatures were in the northern plains states. But no zero readings were reported.

Barber Board Next For Investigation

COLUMBUS, Feb. 20.—(AP)—A House committee ended its investigation of the State Embalmers and Funeral Directors Board today and announced it will inquire in the Barbers Examining Board next Tuesday.

Rep. Harry D. Bellis (R-Van Wert), committee chairman, said barber board members and two investigators will be called for testimony.

He said the board wanted to look into complaints that the board used its powers to force barbers to join the union under threat of being cited for violations if they refused.

Convict Claiming Innocence For 20 Years Finally Is Freed

COLUMBUS, Feb. 20.—(AP)—Julius Krause, who has served 20 years in prison for a slaying he denies, finally won his freedom today.

The Ohio Pardon and Parole Commission granted a parole to the 37-year-old Canton man, effective May 15.

Gov. Frank J. Lausche paved the way for Krause's release. The convict originally was serving a life sentence on a first degree murder conviction, and thus was ineligible for parole.

On Jan. 11, 1947 Governor Lausche reduced Krause's conviction to second-degree murder. This made the prisoner eligible for parole consideration after 20 years.

Krause was convicted of beating to death Charles A. Bartlett, 81, a Canton grocer, in a holdup on Oct. 20, 1930.

Two other men, convicted of the same crime, later stated Krause did not participate in the slaying. At Krause's trial a six-year-old

Farm Organizations Fight Price Freeze

WASHINGTON, Feb. 20.—(AP)—Five major national farm organizations said today any government move to freeze farm prices at "unfair" levels would end in food shortages, block markets and collapse of inflation control measures.

They said in a joint statement that farmers are ready and willing to produce abundantly in an effort to keep prices from going too high.

But to accomplish this, the statement said, farmers will need essential production materials—such as fertilizers, machinery, gasoline, insecticides and labor—as well as "equitable" prices.

The organizations are the American Farm Bureau Federation, the National Grange, the National Farmers Union, the National Milk Producers Federation and the National Council of Farmer Cooperatives.

The group declared organized agriculture will fight any move to change present laws relating to ceilings on farm commodities.

Church Hit by Fire

CINCINNATI, Feb. 20.—(AP)—Fire early today destroyed the roof and badly damaged the interior of the Calvary Presbyterian Church here.

Fire Marshal Durward George estimated damage at \$25,000.

Short Cut Sought For Rent Control

COLUMBUS, Feb. 20.—(AP)—Rent control officials hope a red-tape cutting experiment they began today in Columbus will reduce from weeks to minutes the time needed to settle many landlord-tenant grievances.

Under the experimental setup, the tenant, landlord and an arbitrator from the area rent office huddle over the problem. In the past, the rent control representative interviewed the landlord and tenant separately. Often it took weeks or months to settle a dispute.

William G. Barr of Washington, general manager of the office of housing expeditor, set up the experiment here.

At the time of the Bartlett shooting, Krause was 17.

Krause and Leabann Rohrbach then 22, were convicted.

Years later Krause walked away from Ohio Penitentiary, where he was a trustee, and returned with a (Please turn to Page Eleven)

girl testified that only two men participated.

In prison Krause has developed into an artist and has been acclaimed for murals he painted.

New York Faces Suit For Its Rainmaking

NEW YORK, Feb. 20.—(AP)—The city's artificial rainmaking operations have brought a shower of property damage claims.

Uptate property owners to date have asked for a total of \$1,288,333, charging the damage resulted from operations of the city's \$100-a-day "rainmaker," meteorologist Wallace E. Howell, during the weekend following last Thanksgiving Day.

Among 14 claims for damages filed yesterday with city comptroller Lazarus Joseph was one from the town of Shandaken, in Ulster County, for \$167,500. It charged the rainmaking operations brought "a violent precipitation of rain x x x resulting in severe floods" that damaged 48 roads and bridges in an around the community.

Last week claims totaling \$1,000 were filed by more than 80 property owners in the vicinity of Margaretville and Fleischmanns.

City officials have conceded that some cloud seeding was done from the ground at Fahnstock, N. Y., at the time of the November storms. They had no other comment on the damage claims.

Howell's contract with the city expired today. He was hired a year ago when the city's reservoirs were dangerously low, and was paid \$100 a day when he was seeding the clouds.

Liquor Stores To Close

COLUMBUS, Feb. 20.—(AP)—The state liquor department today announced that all state liquor stores and agencies would be closed Thursday, Feb. 22, in observance of Washington's birthday -- a legal holiday.

At the time of the Bartlett shooting, Krause was 17.

Krause and Leabann Rohrbach then 22, were convicted.

Years later Krause walked away from Ohio Penitentiary, where he was a trustee, and returned with a (Please turn to Page Eleven)

girl testified that only two men participated.

Russian Force Being Built Up

WASHINGTON, Feb. 20.—(AP)—The Soviet Union now has a fully armored or mechanized force of 35 divisions in East Germany and Poland alone, the State Department says, and has restored east German railways which would serve as supply lines from Russia in the event of war.

Additionally, the state department report based on "current intelligence" said, the east German Communist party on Jan. 15 began a large scale purge of its ranks aimed at eliminating weak links.

The department's office of public affairs gave this information in an official publication yesterday picturing the background of recent Soviet pressures of Germany.

The report came just when the Big Four powers appeared to be nearing agreement on plans for a "peace" conference. It questioned whether Russia really want a Big Four meeting. Unless the powers can agree on discussing basic differences other than Germany there would be little point in meeting, it said.

Murder and Suicide Claim Three Ohioans

LORAIN, Feb. 20.—(AP)—Manuel Maltos, 55, a Spanish steelworker, apparently hanged his wife and stepdaughter to death and lived in his home with their bodies in the basement for two days, the county coroner said today.

Then, continued Dr. Paul F. Tillman, Maltos went to a creek one mile south of Lorain and killed himself with a bullet fired into his mouth.

Dr. Tillman emphasized his verdicts on the deaths of Maltos' wife, Mercedes, 52, and pretty daughter Angela, 18, were not official. From his investigation so far, he said, Maltos killed them with a hatchet in the basement Thursday night or Friday morning.

Some time Sunday, he went on, Maltos committed suicide.

Maltos' body was discovered last night. When authorities went to his home to report the suicide to the family, they found the bodies of his wife and daughter in the basement, their skulls badly crushed and a bloody axe nearby.

With respect to a motive, the doctor said it was apparently a case of Maltos being "mentally unbalanced."

Ford Estate For Sale

DETROIT, Feb. 20.—(AP)—The mammoth Henry Ford estate is up for sale.

The 1,369 acres in suburban Dearborn include a Georgian home, orchards, formal and kitchen gardens, barns, greenhouses, a small lake and a swimming pool. The property carries a price tag of more than \$2,000,000.

BY JAMES MARLOW
WASHINGTON, Feb. 20—(AP)—Organized labor, with a stronger voice than it ever had in World War II because it's more united now, has just said "whoa" to the government's mobilization program.

This sudden stiff stand of labor may bring a crisis in the program unless it's soothed by concessions from the Truman administration. Labor's first emphatic stand was taken early Friday.

On that day the three labor representatives on the Wage Stabilization Board walked out. They didn't like the wage policy decided upon by the other six members—three from business, three representing the public.

And today there was a possibility labor might pull its representatives out of other agencies in the mobilization program unless it gets what it considers a more important say-so in the whole show.

Labor got this new unity, greater than any it has had in years, by setting up a united labor policy committee last Dec. 15. John L. Lewis of the coal miners is not taking part.

But the committee is made up of five top AFL men, five top CIO men, two leaders of the International Association of Machinists, and two from the Railway Labor Executives' Association. Since it was set up the formerly independent machinists have affiliated with the AFL.

Altogether these four big organizations represent perhaps 15,000,000 union workers in factories, ships, railroads. The success of the defense program depends on their cooperation.

The other members of the wage board wanted to let workers have a wage increase no larger than 10 percent since Jan. 15, 1950. The labor members of the board wanted a figure no less than 12 percent. But this conflict over wages was only part of labor's dissatisfaction. After the walkout from the board by the labor members, the labor policy committee issued a statement.

This blasted the way the mobilization program is being handled. It said the program has been put in the hands of a few men from big business who:

"Believe they have a monopoly on experience, good ideas and patriotism. Not a single policy design so far has reflected in any way the recommendations of labor or any other group . . ."

In short, labor was saying: "If there's going to be a mobilization program, we want an important part in it."

Then the labor leaders received a letter from Charles E. Wilson, director of the mobilization and boss of the whole program. He said he'd be glad to consider appointment of a labor man as his deputy.

Maybe this will solve the problem, plus some other things, such as a change in the wage formula which the other members of the wage board agreed on.

And perhaps President Truman will try to pacify the labor leaders with a White House conference. This is all on a "perhaps" basis. Today or this week the jam may be ironed out.

But whatever is done will be done with and through the united labor policy committee with its 14 representatives of the big labor organizations.

It was this committee which told the labor members of the wage board to walk out.

In World War II labor had no such united front. Labor union officials held some important wartime jobs but were not part of any united labor front.

The policy committee meets regularly and because of its united front can exert pressure. This pressure is not likely to be ignored by the Truman administration which has depended on labor for much of its support.

After the Korean island of Cheju was occupied Mongol troops in 1272 it formed the base for two attacks on Japan, both of which were reputedly stopped by the "Kamikaze" or divine wind.

Howard C. Allen Named Registrar For 33rd Year

Only Seven or Eight Have Forgotten To Get Driver's License

Now it's official.

Howard C. Allen has been re-appointed for the 33rd year as deputy registrar with authority to issue motor vehicle licenses in Fayette County. The appointments have been announced by R. E. Foley, the state registrar.

Not only is Allen believed to have the longest uninterrupted term as a deputy registrar in Ohio, but he also holds the distinction of serving in the only county in the state with only one deputy.

Allen explained the "exclusive" position by pointing out that this is one of the smallest counties in Ohio territorially and that it is criss-crossed by good highways and byways. No one in the county lives more than 14 miles from the Auto Club office here, he said, and Washington C. H. is less than half an hour away by car for any resident of the county.

Back in the days when the roads and cars were not what they are now, Allen said, certain days were set aside for the registrar and his staff to set up temporary headquarters in different parts of the county. That was about 15 years ago.

That is no longer necessary, he said. Besides, he added, "it would take a big truck to carry all the books, license plates and records around." It is much more simple for owners to come here to the Auto Club now, he said experience showed.

Allen said notice had been received by the state registrar that licenses will be issued on bills of sale as usual again this year.

Previously, deputy registrars had been notified that bills of sale would have to be converted into certificates of title and that these certificates would have to be presented to get a motor vehicle license.

Exact dates for issuing the licenses have not been announced.

Driver's Licenses

The driver's licenses create a different problem, however.

Under the new law, the driver's licenses are good for three years. They must be renewed within the 30 days before the driver's birthday. The trouble is, it was said at

ASTHMA

SUFFERERS FIND CURE FOR MISERY

DUE TO ASTHMA ATTACKS. RUSHED HERE!

New hope for relief from asthma paroxysms is seen today in reports of success with a palliative formula, which acts to relieve congestion. Men and women who formerly suffered with dread coughing, choking, wheezing asthma attacks now tell of blessed relief after using it. PROMETIN costs \$3, but considering results, this is not expensive, amounts to only a few pennies per dose. (Caution—use only as directed.) PROMETIN is sold with strict money-back guarantee by Downtown Drug Store, Washington Court House, Mail Orders Filled.

the Auto Club, people just forget to renew them.

They have, however, 90 days after their birthdays to renew them without taking another examination. But—and this was emphasized as important—the driver is without a license during that 90 days, and subject to the penalties for driving without a license.

After the 90-day period, licenses can be renewed only after an examination under the supervision of the State Highway Patrol. An examining officer comes here now each Wednesday.

Driver's licenses, like the automobile and truck licenses, are handled in Fayette County through the Auto Club.

Since the new driver's license law went into effect last September,

Allen said, "only seven or eight" have come in and applied after the 90-day period of grace had expired.

They had to take their examinations before they could get them renewed, he said.

The deputy registrar here said he felt that only seven or eight forgetting to renew the driver's licenses speaks well for the memories of Fayette Countians.

A bill authorizing deputy registrars to send out notices of driver's license expirations 15 days in advance is now before the state legislature, Allen said. It has the backing of most, if not all, of the registrars and auto clubs. If it is passed, Allen expects it to be a big help in the future in avoiding neglect to renew them.

Prisoners of War Must File Claims Now

Special notice has been issued to all former prisoners of war in World War II, as well as their widows, children and parents, regarding claims.

Few Fayette Countians were captured during the war, but all will be interested in knowing that the deadline for filing claims is March 1, 1951.

The claims are for \$1 per day payment to prisoners of war, civilian internees or their survivors.

The final date, March 1st, was fixed by law and cannot be changed by the War Claims Commission.

For official claims forms and further information, call or see the nearest county veterans service officer, Veterans Administration post service officer, or write to the Division of Soldiers Claims, State House, Columbus.

The War Claims Commission, Washington, D. C., estimates that at least 30,000 eligible claimants throughout the United States have not yet filed for their payments. Many of these now live in Ohio.

The number of vehicles registered in the United States rose nine percent between 1949 and 1950 to 48,484,000.

Legion Plans Supper For Polio Campaign

Comprehensive plans for a potluck supper and evening of entertainment today were just about completed as a part of the county's March of Dimes program to raise money to fight infantile paralysis.

The supper is to be held at the American Legion Hall Thursday, starting at 6:30 P. M.

The Legion is going to furnish the ham, the bread and butter, milk and coffee. The rest of the menu is to come in the covered dishes, brought by the guests. And, the guests also are to bring their own table service.

There is to be a charge of 50 cents for adults and 25 cents for children.

All the proceeds from the affair are to go into the March of Dimes fund here.

After the supper, there is to be a variety of entertainment for the adults. For the children, there will be motion picture cartoons. Mac Dews, the county campaign chairman, is coordinating the Legion-sponsored affair with the general fund-raising efforts.

Bill Stoughton is chairman of the Legion committee. Others on the committee are Dr. Charles M. Pfersick, the post commander; Francis Morgan, Jim Hutton, Robert Creamer, Lossen Rhoades, Bill Marshall and Stewart Brock.

Both the March of Dimes chair-

man and the Legion spokesman emphasized that "this is open to the public . . . it is not restricted to members of the Legion."

About 2,800 languages are spoken in the world today according to estimates by the National Geographic Society.

The "Flying Saucer" Mystery Clearing Up

The "flying saucer" mystery, which baffled the nation for nearly four years reportedly is a mystery no longer. The Office of Naval Research says the "saucers" are 110-foot plastic balloons which carry electronic instruments 100,000 feet aloft for studying cosmic rays and other phenomena of the atmosphere.

This announcement must bring vast satisfaction to the thousands whose reports that they saw the things were received with general skepticism and much scientific ridicule. The scientists really left themselves out on a limb.

In 1947, after saucers had been seen in many parts of the nation, a New Jersey psychiatrist, with vast assurance, dismissed the whole thing as "mass hallucination". A west coast scientific society patronizingly recalled that people had been "seeing things" in the skies for centuries. Another scientist decided the observers just had "spots in their eyes".

Those who took the reports seriously were equally far from the truth. Keyholder Walter Winchell wrote they were flying wings developed by the navy. A radio commentator, Henry J. Taylor, confidently predicted an imminent announcement by the air force of a revolutionary new plane. The U. S. News and World Report announced the saucers were a new type of navy plane.

The most fantastic "explanation" was offered by a writer who solemnly asserted they were observation planes containing living beings from another planet who were spying on the earth.

But the most puzzling role was played by the air force. For two years it made an intensive investigation of the phenomenon, repeatedly sending ships into the air to pursue the mysterious objects. This chase cost the life of one flier.

Meanwhile the air force kept denying the reports that it had a new type of plane.

Finally, in 1949, the air force announced it had given up its investigation, suggesting that it was all a mild form of mass hysteria.

Is it possible that the navy failed to tip off the air force about its research project, and permitted its sister service to make a costly and unnecessary investigation? That could be, because at one time even President Truman announced he was as much puzzled as any one else by the "flying saucer" mystery.

The navy says it had to keep the project secret but that secrecy is no longer necessary, a statement which explains nothing. Actually the secrecy was ended in July, 1948. After a disc was spotted by thousands along the New Jersey shore, it was learned that Princeton's physics department was working with the navy "on measuring the intensity of neutrons in the upper atmosphere".

The explanation was so simple that the uninformed public failed to recognize it as the literal truth. The air force seemingly didn't either.

What Would Happen If?

In these days when strikes are daily occurrences, when organized labor is complaining about extra work and demanding more and more for everything many of its people are called upon to do, we wonder what would happen if----

Some morning all the business people of the country, corporations, manufacturers and countless other lines of business, would close their plants and stores and other places and put up signs saying----

"We're on strike because we do not think our employees are doing the work they should for what they are getting. We won't open up until we have assurances of relief from this condition."

Diet and Health Eruptions of Skin From Many Causes

By HERMAN N. BUNDESEN

Skin eruptions have so many different causes, it is not always possible to determine their source promptly. This does not mean, however, that treatment should be withheld until the search for the trouble-maker has been completed.

When dealing with an irritated and painful skin, there is always one safe rule, soothe it. Thus regardless of the cause of the trouble and almost without regard to the particular from the irritation takes, soothing preparations are in order. They can be employed where there are blisters, oozing, scaling, or crusting. Even though the rash may have been present a long time and have reached a quieter stage, soothing preparations should be used at the start and then more stimulating ones can be tried cautiously.

Wet Dressings
By soothing applications are meant wet dressings, baths, and greases to restore the fat protection against infection. It is important to avoid alkaline preparations, such as soaps.

To relieve burning and itching weak solutions of potassium permanganate or starch solution seem to be effective. Wet dressings of antibiotics are now being employed. After each wet dress-

ing, a grease should be applied. Boric acid ointment seems to be satisfactory for this purpose. Since most skin rashes soon become infected, treatment with an antibiotic is important and should be started early.

In those cases where the condition seems to be due to allergy or oversensitivity, the antihistamine preparations are effective. They may be used in the form of ointments or be given by mouth. Stimulating preparations include sulphur and salicylates. However, it is always a good policy to start with low concentrations and to increase them gradually, depending upon the reaction to the drugs.

Due to Allergy
If the rash seems to be due to allergy, certain foods, which are commonly responsible for allergic reactions, such as chocolate, oranges, nuts, tomatoes, and pork, may be eliminated from the diet.

Of course, in all cases, it is important to find out the cause of the rash. The search should go forward while the treatment aimed at getting the skin in better condition is being carried out. Once the underlying cause has

Newsman Tells His Own Success Story

Throughout the years there have been numerous success stories of how this man or that man started from nothing and finally achieved prosperity. But the best of all success stories is where a man in a run-down condition finally gets

to where he feels wonderful again. William Bogard, newspaper reporter in Sulphur Springs, Texas, has such a story to tell. Yes, now that Mr. Bogard is taking HADACOL, he says, "I wish I could tell my story to every man and woman

in the country who is now suffering as I was suffering." Mr. Bogard was suffering a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains. Here is Mr. Bogard's own statement telling how HADACOL helped him:

"Two years ago, at age 40, I was convinced that nothing remained for me in life. The most encouraging words I ever heard were: 'Maybe you will get straightened out after a while.' The only thing that really mattered to me was how I felt and the fact that my apparent decline had brought my many dreams and aspirations in total ruins before my feet.

"I heard and read many stories and testimonials concerning HADACOL, but, unfortunately for me, I didn't take any of them seriously. I considered these testimonials to be from fictitious people with imaginary ills who talked solely for money. How wrong I was! In spite of my wariness, I decided to give HADACOL a try. I took great care that no one knew I was taking it because I feared their ridicule.

"I took three bottles of HADACOL before I began to 'feel' its effects. After that, my progress was steady and sure. My appetite picked up. I not only ate at meal time, which I had not been doing before, but I enjoyed in-between-meal snacks of delicacies which I had long since forgotten.

"I wish I could tell my story to every man and woman in the country who is suffering as I was suffering! I wish I could let them know and make them believe that what I say is all truth and none fiction."

Remember HADACOL is sold on a strict money-back guarantee. And so inexpensive. Trial-size bottle only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, La. 1951, The LeBlanc Corporation

The Korean War crisis brought new attention to guayule, the American desert plant that produces natural rubber.

Tribute to the 'Shoestring Army'

By Hal Boyle

NEW YORK, Feb. 20 —(P)—The American eighth army in Korea today rates man for man as the equal of any this country ever sent overseas.

It is fast, powerful and well disciplined. Under Lt. Gen. Matthew B. Ridgway it is showing a fine ability to fight two kinds of war --breaking up North Korean guerrilla bands in its rear at the same time it is smashing back head-on drives by massed Chinese troops.

The eighth army is a mature army now. But those who served under it from the start will always remember it best for the days of its youth. It was known then as "the shoestring army" and its performance in the first deadly dangerous weeks stand as an enduring monument to the chunky little tank expert who led it into Korea -- the late Lt. Gen. Walton H. Walker.

In Japan the army had deteriorated sadly from the dry rot that has afflicted all occupation armies in history. Walker had been given the task of cleaning it out and putting it back into shape. That job was under way but still incomplete when the Korean emergency forced him to take it into combat last summer.

The army was short of everything -- from canteens to tanks and new type bazookas. It has too few field trained officers, too many overage, overweight sergeants. It had too many young privates psychologically unprepared for warfare. They had joined up for security -- not to

fight. The army had to be fed into action piecemeal -- as fast as it could be ferried across the Sea of Japan -- against a rough, seasoned foe that in some battles outnumbered it five to one. The enemy held a big edge in tanks as well as manpower. They knew the hilly terrain. And they could take the terrible heat better than the Americans.

For more than ten weeks the eighth army had to meet a fresh crisis every day. No wonder they nicknamed it "the shoestring army." It fought battle after battle without having a single platoon in reserve to call up. Its stubborn holding of the Nakdong line was one of the most brilliant defense stands in the annals of America. The Pentagon expressed confidence there would be no Dunkerque in Korea, but many a commanding officer on the scene felt there would have to be.

The holding of that line was a rare combination of good luck and damn fine skill on the part of General Walker, "recalled one staff officer. "Militarily, we had no right to expect to hold it with the force we had. It was 120 miles long, and we didn't have the men to set up a continuous line. Some divisions were holding on a 25-to-30-mile front -- which is theoretically impossible."

How was it done? By setting up a series of strong points. Whenever enemy pressure became too strong at one point, Gen. Walker would thin out his troops from another sector and shuttle them over to the danger zone. That meant taking terrible gambles. "To do it Walker had to figure out in advance where the enemy

would hit next and in what strength -- so we could know what sector of our own line we could risk weakening," said the staff officer.

The situation became so bad that at one time it was estimated a force of 1,000 guerrillas could have filtered down from the hills and wiped out the eighth army's own headquarters.

The army was slowly growing in power. But so was the enemy. And in early September, at the peak of the Red drive to slash through to Pusan, Walker had to make his boldest gamble. He had to put 23,000 marines out of the line so they could load ship for the Inchon landing.

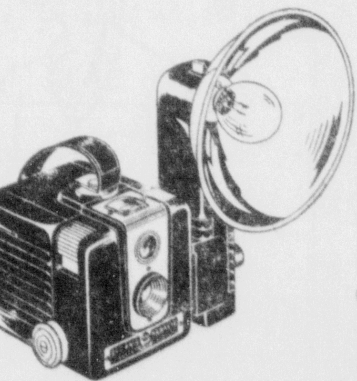

"It was an unbelievable situation," said the staff officer. "We were planning to go on the offensive at the same time it looked like we were going to be forced off the peninsula altogether."

The meager line held off the Reds in a miracle of fighting. As one officer commented, "just how they did it we don't know yet." Then the marines and the seventh division landed behind the North Koreans and drove on Seoul. That changed the picture.

Although he still had as many troops against him as before, Walker immediately attacked. There were only 850 feet of bridging equipment in the entire theater. Walker used 625 feet to cross the Nakdong. His engineers improvised bridges across the other streams.

In less than two weeks the eighth army shattered the surprised Red forces and linked up with the American landing force at Inchon. The desperate shoestring days of the army were over -- but those were the days that forged it into a great army.

Commie Card-Carrying Nonsense

By George Sokolsky

Senator Homer Ferguson, of Michigan, correctly makes the point that the Remington case "established as a legal principle that to be a member of the Communist party in the United States, and a part of its apparatus, one does not have to be a card-carrying member of the party...."

No important Communist, particularly those who are in the "underground," ever carries a card. I do not know who invented the "card-carrying" business. It is a smelly red-herring, because it can rarely be established. In fact, at this moment the cards have been abolished altogether.

Washington C. H., Ohio

'Government and Economics' Aably Discussed by Mrs. Case At LWV Meeting, Monday

Mrs. John Stark extended gracious hospitality in her handsome home to the League of Women Voters of Fayette County on Monday afternoon. The president, Mrs. Minnette Yeoman Fritts, presided at the meeting. The program of the afternoon recognized the fact that our country is deeply sobered by the mounting tensions caused by the world situation; our people are profoundly disturbed. Without widespread understanding the government will not have public support for the difficult tasks ahead.

Mrs. John P. Case, youthful member of the League, had labeled the paper which she had written, "A League Member's First Look at League Problems." It really was an enlightening and scholarly treatise on "Government and Economics." Mrs. Case departed from her manuscript to explain that when she joined the League little more than a year ago, she believed it to be a non-partisan organization which sought to develop, maintain, and enlarge an informed membership of intelligent voters. But as an active member she has found that it embodies not only intelligent activity at the polls, but also the formation of definite league platforms and

political aims. Much League activity is furthered by means of letters to legislators, and the education of the public. The speaker declared that "action" is the focusing and climaxing word of the League. She called upon Mrs. Paul S. Craig to verify and amplify her statement.

Mrs. Craig, new member, and legislative chairman, read an article printed in the Legislative Bulletin sponsored by the League of Women Voters of Ohio, on the work of the 99th General Assembly and she read a model letter addressed to a congressman. Members of the League are urged to write concerning all bills approved by LWV of the U.S. Mrs. Craig explained in detail three bills now before the General Assembly of Ohio -- H. B. 74 -- Dunn --; S. B. 20 -- Sheppard; and HJR 12, Hardy-Reider; on only one of these -- the Dunn bill -- has the League taken a definite stand.

Miss Dorothea Gaut gave a review of the League booklet, "Big Government and the Citizen." This book should be read by every American citizen who desires to understand the complicated set-up of our government. Copies of the booklet and other League literature were given to the members and guests at the meeting, to be taken home. The president, Mrs. Fritts, appointed members of the legislative committee -- Mrs. Craig, Mrs. Case, and Mrs. Ansel Kirkpatrick -- to visit Ohio's General Assembly on March 21, or thereabout, and report to the league at a later meeting. Reports of a regional meeting recently attended in Chillicothe were given by Mrs. Fritts, Mrs. Craig, Mrs. Case, Mrs. Hugh Smith and Miss Gaut, and Mrs. Jean Nisley gave the financial report. Spirited discussions were led by Mrs. Fritts, Mrs. Nisley, Mrs. Murdoch, Mrs. Haines, Miss Conner, Mrs. DeBra, and others.

The March meeting will be held the home of Miss Fannie McLean and will be in charge of the Mental Health committee of which Miss Mary D. Robinson is chairman. Mrs. Forest Allen DeBra was welcomed as a new member.

First Aid Class Is Organized By Sorority

The regular meeting of Ohio Zeta Chapter of Beta Sigma Phi Sorority was held Monday evening at the home of Mrs. William C. Allen, Jr. The meeting was opened according to ritual by the president, Mrs. Harry Campbell, and Mrs. Edward Sexton announced that Mrs. H. S. Stemple would be in the instructor in first aid at the regular meetings of the sorority and would take the place of the programs, with the meeting time moved up to 7:45 P. M. After a discussion the birthday anniversary of the sorority is to be celebrated at a dinner at the Washington Country Club on March 9 if the club is available. This event will include husbands and guests of the members. Mrs. Campbell also requested that names of rushees be reported at the next meeting on March 5 at the home of Mrs. Charles Coffey.

Rennel Helps Akron Lady LOSE WEIGHT Wears Slim 16 Again

"I think Rennel is a wonderful product," writes Minnie Harmon, 646 Brown St., Akron, Ohio. "I used to wear a size 20 and now wear size 16. I have lost 15 lbs. Not only do I look better, but I feel better!" It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your druggist, mix with grapefruit juice as directed and take two tablespoonfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel.

When BAD COLDS move in... USE VICK'S VAPORUB IN STEAM

Brings DEEP-ACTION relief from coughs, stuffiness with every single breath!

BOON TO MOTHERS!

Now... discover how millions of mothers relieve miseries of nagging colds this special way... with the very same Vicks VapoRub that brings such grand results when you rub it on.

It's so easy... so effective! Just put 2 good spoonfuls of VapoRub in a vaporizer or bowl of boiling water as directed in the package. Then... breathe in the soothing, medicated vapors. Every single breath carries VapoRub's famous combination of time-proved medications deep into cold-congested large bronchial tubes. Brings relief in a hurry!

To keep up the relief for hours, rub VapoRub on throat, back and chest, too.

WORLD'S BEST-KNOWN HOME REMEDY TO RELIEVE MISERIES OF COLDS!

Humorous Skit On Program at Mothers' Circle

Mrs. William Limes extended the hospitality of her lovely suburban home to the members of Mothers' Circle for the regular monthly meeting Monday evening. Mrs. Robert Dunton, president, presided over the brief business session during which the reports of the secretary and treasurer and those of standing committees were heard and accepted. It was announced that a First Aid Class had been organized for Mothers' Circle members exclusively at Grace Methodist Church starting Monday, February 26 at 1:30 P. M. with Miss Gretchen Darlington as the instructor. Mrs. N. M. Reiff outlined plans for the selling of aluminum foil as one of the projects of the society. The members will also sponsor the candy sale at the High School on March 16, as another money raising project. The meeting was adjourned and the program chairman, Mrs. Condon Campbell, presented a humorous skit, entitled "Hearts and Flowers," with the associate members making up the cast. "Queen of Hearts" was Mrs. Thomas Christopher, "King of Hearts" Mrs. Condon Campbell, "Lady in Waiting" Mrs. Ben Norris, "Page" Mrs. William Lovell, "Fairy Godmother" Mrs. Carroll Halliday and "Spring" Mrs. Jane Coffman. Mrs. Otis B. Core, played as violin background "Hearts and Flowers." At the close of the skit the members of the skit presented Valentines to each member present. A clever contest identifying the names of members, was won by Mrs. Walter Rettig who received a beautiful potted plant. During the social hour the hostess committee, with Mrs. Forrest Ellis, chairman, Mrs. Frank Dawson, Mrs. Richard Gillen and Mrs. Jane Coffman served a dainty dessert course, featuring a Washington's Birthday theme.

The program in charge of Mrs. Jane Briggs consisted of the discussion on the lecture and the tour of the Columbus Art Gallery on Friday when several of the members attended. Noverre Mussen was the lecturer and his topic was "Europe Rebuilds." The closing ritual was followed with a social hour during which Mrs. Allen was assisted by Mrs. Frank Kearney and Mrs. Edward Sexton in the serving of a dainty dessert course featuring a George Washington birthday theme.

DR. JOHN BROWN -- Services for Dr. John L. Brown, 94, who died Sunday in a Washington C. H. rest home, will be held Wednesday at 2 P. M. at the McClure Funeral Home.

STEEN'S

Personals

Mr. and Mrs. Harry H. Allen of the Prairie Road, have returned from a four weeks vacation spent in Melbourne, Florida.

Mr. and Mrs. E. C. McCoy had as Sunday dinner guests their daughter, Mrs. L. J. Meyers and Mr. Meyers of Springfield, Mrs. Marion Wilson, Mr. Wilby McCoy and Mrs. Helen Long of this city.

Mr. and Mrs. Frank Baker returned over the weekend from Rochester, Minn., where they spent the past week on business. Enroute they visited briefly in Mason City, Iowa, with Mr. and Mrs. Jack Hicks and family.

Mr. and Mrs. Wayne Linson, Mrs. Minnie DeMent, Mrs. Florence Diffendall of South Solon, Mrs. Ethel Snyder of Springfield, Mrs. Sarah Roach of Ironton and Mr. and Mrs. Earl Henry and daughter Toni, of Dayton, were Sunday guests of Mr. and Mrs. J. Ancil Brown. Mrs. Henry, daughter Toni and Mrs. Roach remained for a week's visit.

Mr. and Mrs. Hobart Thompson motored to Columbus Saturday evening to attend the Columbus Transportation Club's Valentine's Day dinner dance in the Rose and Cavalier Rooms of the Virginia Hotel.

Mrs. L. E. Whinery of Sabina, who has been the guest of her daughter, Mrs. W. H. Limes, Dr. Limes and family, returned Tuesday to her home.

Mrs. Sheridan Is Hostess to Class Members

Mrs. Charles Sheridan was hostess on Monday evening to the members of the King's Daughters Class of the First Christian church. The president, Mrs. Milbourne Flee called the meeting to order. The usual reports were heard and approved and roll call was responded to by nine members. The class decided to send a donation of homemade cookies to the

Friends Honor Alice Davis On Birthday

Miss Alice Davis was complimented with a dinner-theatre party on Monday evening on the occasion of her birthday anniversary.

A delicious steak dinner was enjoyed at Anderson's Drive In. The table seating the guests was centered with a prettily decorated birthday cake. Following the dinner, the honor guest was presented with a number of useful and attractive gifts.

Later in the evening the group attended the Fayette Theatre to see the showing of "The Mud-lark". Those present for the party with the guest of honor included Mrs. George Robinson, Jr. and daughter, Becky, Mrs. Robert D. Miller, Mrs. Paul Thornhill and Miss Christine Switzer.

Wedding Plans For Couple Are Announced

Plans for the wedding of Miss Peggy Ann Reichelderfer and Mr. Louis Morrison on Sunday February 25 have been completed. The ceremony will be read in Grace Methodist Church by Rev. Clarence Swearer of Circleville, at 3:30 P. M. and will be preceded by a half hour of nuptial music presented by Mr. W. H. Dicke of Columbus, soloist and Miss Marian Christopher, organist. Miss

Reichelderfer has chosen Miss Rosemary Mace of Circleville, as her maid of honor and her bridesmaids will be Misses Lois Anderson, Virginia Anderson of Circleville, Joan Rader of Middletown, Marge Reihle of Chillicothe, Nancy Boylan and Dorothy Pyle of this city. Best man for the groom will be his brother, Mr. Wendell Morrison of Clarksburg and seating the guests will be Mr. Russell Morrison of Newark, Mr. Don Gene Crabbe, Mr. Maynard Speakman of Clarksburg, Mr. Carl Patzer of Grove City, Mr. Drexel Hynes and Mr. Walter Bumgarner Jr., of this city. Mr. and Mrs. Reichelderfer will entertain at the Washington Country Club at a reception immediately following the wedding ceremony.

Garden Club Makes Plans for Special Meeting

A good attendance of members assembled at the home of Mrs. Frank Slager for the regular meeting of the Buckeye Garden Club Monday evening. Mrs. Lucille Creath, president, conducted the business session, which included the usual reports and roll call was responded to with the naming of a reliable nursery or seed company. The hint for the month is to order seeds for spring planting. Plans were discussed and completed for the open meet-

ing on March 19, at the Bloomingburg Presbyterian Church, which will feature a guest speaker and also an open meeting at 7:30 P. M. Dr. Jonathon Forman, national vice president of "Friends of the Land", will speak on conservation. Mrs. C. E. Hughes, program leader, spoke on the importance of ordering seeds now for spring planting, and gave names of reliable firms, also naming many of the new flowers being catalogued for the first time this year. Following her talk, a social hour was enjoyed by sixteen members and two guests, Mrs. Leonard Slager

and Mrs. Lena Trotter, who were served a tempting dessert course featuring a George Washington birthday theme, by Mrs. Slager and her assistant hostesses, Mrs. Don Thornton, Mrs. Dale Thornton and Mrs. Mary Helsel, who also assisted in the serving.

RULES OF THE CORN SHOW

1. All exhibits must have been grown by the exhibitor and during the year 1950.
 2. All classes are open to all living in Fayette and adjoining counties. One may make as many entries in a class as they like but win only one prize. Exhibitor must list variety of corn on entry tag to be eligible to be judged.
 3. All exhibits to be brought in Thursday of show dates, entries close at 6:00 P. M. February 22.
 4. Exhibits to be judged by competent judges and all questions regarding varieties to be settled by the judge and committee.
 5. The show will be staged in the Armory.
 6. An entrance fee of 10 cents will be charged for each entry.
 7. You get your exhibits back but no exhibits to be removed from show until 4:00 Saturday afternoon.
 8. It is requested that winners do not ask to exchange their awards for other merchandise. All awards should be called for by May 1, 1951.
- There will be a meeting of Seed Improvement Association members Saturday, 2:30 P. M., for the purpose of electing officers.

Fayette County Hobby Show

GENERAL RULES

1. All exhibits must belong to the exhibitor.
2. All entries must be in place by 6 P. M. on the opening day of the show.
3. All exhibits to be judged by competent judges to be selected by the executive board of the Fayette County Hobby Club and all questions arising in this connection are to be settled by the judges.
4. All exhibits must remain in place until the closing hour of the show. Failure to do this automatically disbars exhibitor from all prizes won in the show.
5. All classes shall be open to everyone. Exhibitors are not required to be members of the Fayette County Hobby Club.
6. Every effort will be made to protect all exhibits but the Fayette County Hobby Club will not be responsible for exhibits in case of loss, theft or fire.
7. All exhibits must be properly tagged to insure return to the rightful owner.
8. All exhibits must conform with the classes as adopted by the Fayette County Hobby Club.
9. No exhibitor shall be permitted to show in more than five classes for prizes.
10. An entry fee of 25c will be charged for each entry to assist in defraying expenses of the show.

County Ranks High in E Bond Sales in 1950

One of Seven In Ohio To Sell More During Year

Fayette County was one of only seven counties in the state to sell more U. S. savings bonds, series E, in 1950 than in 1949.

In a letter to Richard P. Rankin, Fayette County chairman, Merrill L. Predmore, state director for Ohio, said:

"I thought that you would like to know that sales of series E bonds in Fayette County in 1950 totaled \$395,585 compared to \$353,883 in 1949.

"This is a splendid achievement in view of a decline of 9 per cent in E sales in Ohio for 1950, compared with 1949 and a decline nationally of 11.5 per cent.

"I offer you congratulations and the treasury's appreciation for a really fine performance. Only seven counties in Ohio gained this distinction and the other six were Clermont, Greene, Hardin, Hocking, Lorain, and Meigs."

In Ohio, sales totaled \$224 million, with \$284 million redemptions, for a loss of \$60 million. However, F and G sales, which are not stressed in treasury sales drives, increased from \$96 million in 1949 to \$122 million for 1950.

Series A, B, C and D bonds are all matured, and series E bonds will start to mature in April.

In Fayette County, sales of F and G bonds nearly equalled E sales — \$392,811, — compared to 1949 sales of \$180,425. In view of the publicity given E bonds, the doubling of F and G sales is noteworthy.

Redemptions of E's in 1950 was \$469,338, a net loss of \$73,753. In 1949 the county was 72nd in total sales and in 1950 was 55th.

In announcing the figures, Rankin said: "Although I am pleased that our 1950 sales exceeded those of 1949, I am more interested in the fact that our redemptions placed us 15th in the state. After all, holding on to these bonds after they are purchased is the really important thing."

Two New Packards Now in Production

Two new additions to the Packard line of cars have made their debut, but neither is yet on the display floor of the Meriweather Motor Co., the Packard dealer, here.

The new models — the "Mayfair," a sports hard-top, and the convertible, an all-weather design, are the latest to enter production. The first of the new models are expected here soon.

Both cars have 122-inch wheelbase, and are powered with 150 horsepower engines that increase to 155 with Ultramatic.

Hydraulic top control is standard for the convertible and hydraulic seat and window control is available for both.

The Mayfair is available in a variety of contrasting two-tone exteriors and both also come in 11 solid colors.

Another exterior styling note is the four "jet louvers" streamed along their flared rear fenders.

Sheidler Ranks Fifth in Nation

Devey A. Sheidler of Washington C. H., district manager for the Ohio State Life Insurance Co., ranked fifth among all company representatives throughout the United States in a recent sales campaign, according to an announcement made by the company.

Last month Sheidler was designated as the Ohio State Life Insurance Company's "Man of the Month".

He is a member of the Ohio State Life President's Club, which is composed of the company's top-notch producers, this being the 10th consecutive year that he has qualified for membership in the club.

Xenia Minister Goes to Canton

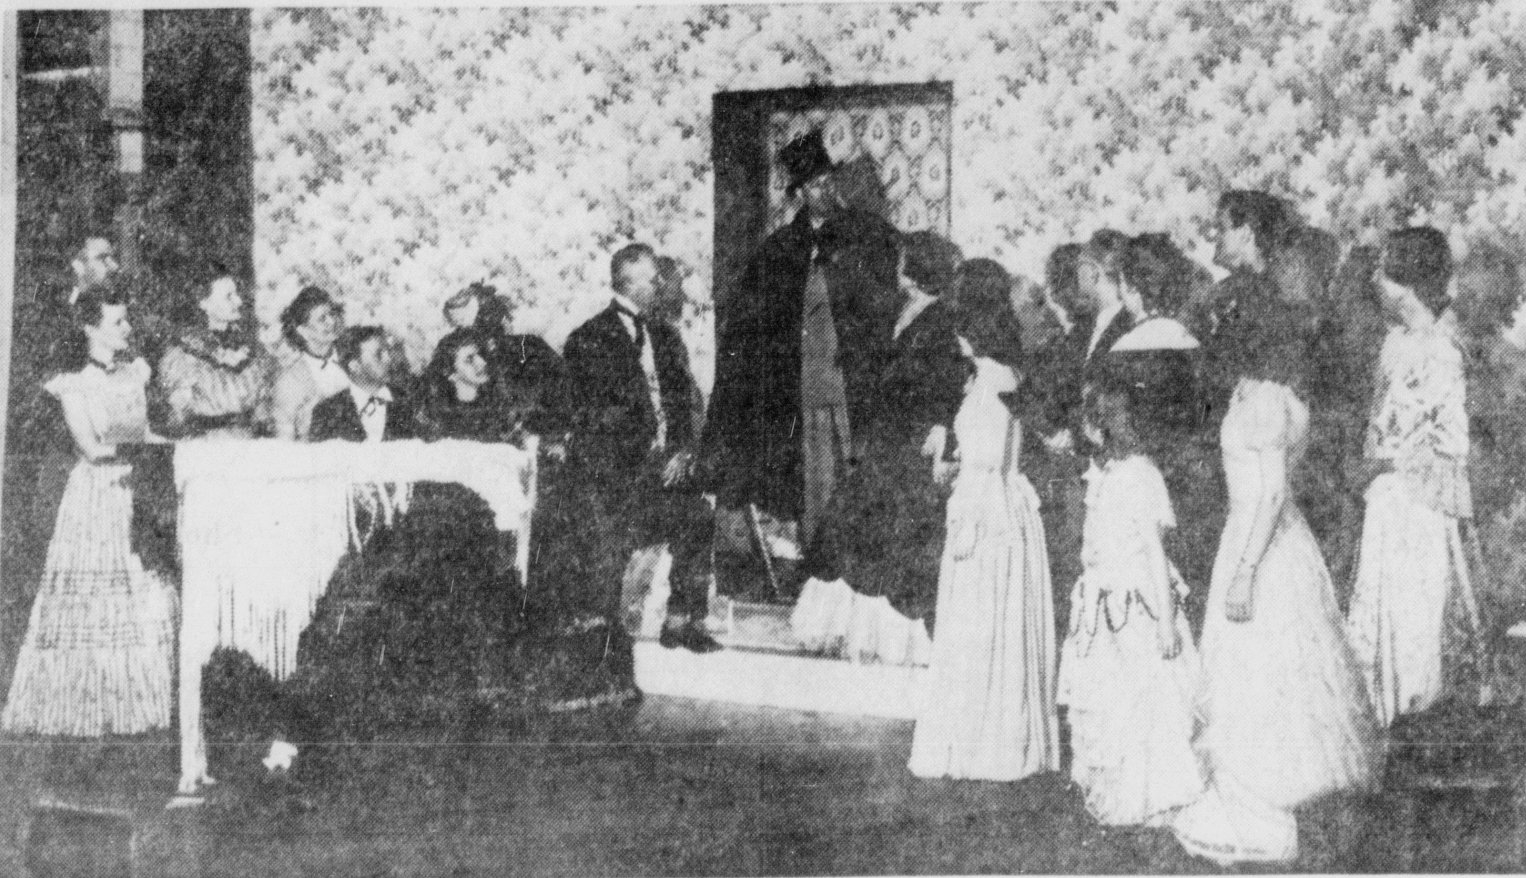

Bishop Hazen G. Werner has appointed Hugh S. Graham of Xenia to be new associate pastor of the First Methodist Church in Canton effective April 1.

Rev. Graham has served the First Methodist Church in Xenia for the past four years and nine months. An interim minister will be appointed to the First Methodist Church in Xenia who will serve the congregation until the session of the annual conference June 5-11. At that time a permanent minister will be named.

BODY IN CABIN
PORTSMOUTH — The body of Frank Kilgore, 53, was found in a tourist cabin. Officers are searching for a woman who was seen to enter the cabin and leave an hour later.

"IT'S SO EASY TO PLACE A WANT AD."

Near Capacity Crowd Sees Play Here

MEMBERS OF THE CAST OF THE PLAY, "Weep No More, My Lady," are shown above on the stage of the Washington C. H. High School auditorium. All eyes are on Charles Pensyl (center) who played an outstanding part as William Foster, Jr., stormy brother of Stephen.

City teachers proved their versatility Monday night by taking dramatic roles in the colorful depiction of the life of songwriter Stephen Foster and staging the play "Weep No More My Lady," before a near capacity crowd in the high school auditorium.

That the teachers switch from the classroom to the stage was successful was attested to by the bursts of applause after each act and the encores after the end of the play.

Those who missed the play Monday night will have another opportunity to see it beginning at 8 o'clock Tuesday night (tonight) when it will again be presented in the high school auditorium.

Colorful costumes, appropriate lighting and excellent background helped make the transformation to the 19th century life of Stephen Foster most effective.

The acting for a first nighter was generally good, with the customary tenseness being evidenced by most of the members of the cast. Some of the stiffness is expected to disappear from the actions and speech of the cast when they stage their final performance tonight.

Much Foster Music
Their presentation of parts

showed that members of the cast spent many long hours in preparation. There were few miscues.

Those who came to hear some of Foster's ever popular music being played and sung were not disappointed. There was an abundance of it, since it helped portray the colorful period in the young composer's life when he was steadily gaining favor with audiences all over the world as a composer of some accomplishments.

His part was effectively taken by William Bowman, who, as a music instructor at WHS, was able to preside at the piano and sing some of Foster's songs.

Susan Pentland, one of Foster's sweethearts, was taken by petite and pretty Mrs. Edith Ramage Hastings. She seemed to fit the role perfectly.

Miss Sara L. Keck, drama instructor at WHS, took the other romantic lead and gave the proper dramatic emphasis to her part as Jane McDowell. She exhibited a great amount of stage presence.

Members of Cast Listed
Other members of the cast who came in for their share of accolades were as follows: Olivia, Miss Ruth Stecher; William Foster, Arthur Engle; Mrs. Eliza C. Foster, Mrs. Olive Prosch;

Andrew Robinson, Jack White; Old Black Joe, Robert Brumfield; Eliza Buchanan, Mrs. Olive Woodyard; Rev. Edward Y. Buchanan, Arthur E. Wohlers; Mr. Morrison Foster, Leo Whiteside; Mrs. E. T. Christy, Gordon Ryder; William Foster, Jr., Charles Pensyl and Dr. Andrew McDonald, James Stone.

Members of the chorus who rendered several of Foster's songs were as follows: Miss Kathleen Davis, Miss Eleanor Leiter, Miss Lorella McKinney, Mrs. Loreah O'Brian, Miss Jane Trent, Walter

Gorman, Miss Amelia Pensyl, Mrs. Dorothy Stanforth, Mrs. Mary Gillespie, Leo Whiteside and Miss Dianna Bathhurst.

One of the unusual features of the play was the unique method which the teachers chose for introducing the members of the cast. A short film, similar to an introduction to a commercial movie, was flashed on a screen on the

auditorium stage. Color action pictures of each of the members of the cast were shown with a background of Foster music.

Proceeds from the shows will go to replenish association funds which were stolen by a thief from the Washington C. H. High School last spring.

READ THE CLASSIFIED ADS

Complaints Grow Over Speeding Jets

A great many complaints have been made recently regarding jet planes racing over the city at several hundreds of miles per hour.

The roaring, whistling planes, traveling with the speed of sound, flash over the city in both directions and usually turn a few miles east of Washington C. H. and come back at top speed.

The noise and vibration made by the planes has caused a great many citizens to develop cases of nerves as the dangerous practice continues from day to day.

Apparently the planes are based at Patterson Field, and use this city for one of their practice runs.

It is pointed out that should one of the speeding planes crash within the city they probably would destroy several residences and cause heavy loss of life.

Jamestown Company Gets Large Contract

The Air Materiel Command has awarded a \$500,000 contract to the Royal Electric Co. of Jamestown.

The contract is for manufacture of 2,500 volt ampere inverters.

It is the fifth contract received by the firm, and the total represents around \$2,000,000.

All are for inverters for use on heavy bombers to transform direct current generated by aircraft into alternating current which operates much of the plane's electrical equipment.

The Jamestown firm employs 75 persons, who work in two shifts.

Strike by Molders Closes 26 Plants

HAMILTON, Feb. 20 — (AP) — Molders in 26 plants in Ohio and northern Kentucky went on strike

today after wage negotiations with management bogged down.

The strike of the 2,250 men cut off supplies of patterns to at least six Cincinnati machine tool plants which are working overtime on defense projects.

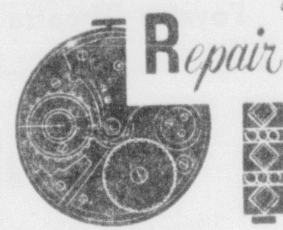

Struck plants are situated in Cincinnati, Harrison, Cincinnati suburb, Dayton, Middletown and Overpeck, both in Butler County, and in Covington, Ky.

The union has demanded a pay hike of 15 cents an hour.

They wear the cleanest clothes in town

... his bride swears by TIDE!

They wear the cleanest clothes in town—
At home or at a party.
His bride has learned to wash with TIDE—
She's young ... but she's a "smarty"!

Tide GETS CLOTHES CLEANER THAN ANY SOAP!

NO SOAP—NO OTHER PRODUCT SOLD THROUGHOUT AMERICA WILL WASH AS CLEAN AS TIDE!

JUST TRY TIDE in your washing machine. Wring out your clothes, rinse them, and, lady, you'll hang up a cleaner wash than you'll get with any soap—or any other washing product sold from coast to coast! You'll get the cleanest wash in town! NOT ONLY CLEANER—WHITER, TOO! It's a fact! In hardest water, Tide will wash your shirts, sheets, curtains whiter than any soap you can name! They'll be so shining white ... so radiantly clean, you'll never want to trust them to anything else but Tide!

AND BRIGHTER! Just wait till you see how your wash prints glow after a Tide wash! The colors look so crisp and fresh ... the fabric feels so soft ... irons so beautifully, you'll say there's nothing like Tide! And there isn't! Get Tide today—and hang the cleanest wash in town on your line!

P.S.

PREFER TO SKIP RINSING?

With Tide you can skip the rinsing, and save all that time and work. Just wash, wring out, hang up. Tide will give you the cleanest possible no-rinse wash!

Fear and Inflation

(Continued from Page One)
percent by midsummer. That would still leave the annual rate at 3 3-4 million new cars.

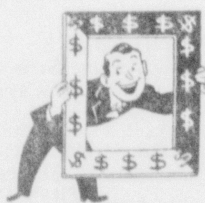

Television sets rolled out at 7 1/2 million clip last year, more than double the production of 1949. About 10 1/2 million families own sets, and only about 15 1/2 million families within television's range don't have them. Some can't afford them. Some don't want them.

Government controls of materials could cut this year's production back by about 35 percent. That would leave production still at five million sets. And television makers say that redesigning and huge savings in critical materials in making sets can push production above five million this year.

Home building was supposed to have been given a death blow by credit restrictions. But the labor department reports more new homes started last month than in any January in history, and expects this February to top any previous February.

All along the line inventories continue to climb. Manufacturers' inventories have risen to \$34 billion, wholesalers' to nearly \$11 billion, and retailers' to more than \$16 billion. This, in spite of the fact that housewives have been running to the store for goods, many not immediately needed, at the greatest rate in history. Consumer spending has been pushed up to just under \$200 billion a year, \$20 billion higher than a year ago.

To meet this huge demand, industrial production has risen to its highest peace-time rate. The index is now at 219 percent of the prewar figure, against 183 a year ago.

Ohio State Cagers

Win from Michigan

(By The Associated Press)
Ohio State beat Michigan—at
basketball, that is.

The final score of last night's
game at Ann Arbor, Mich., was
Ohio State 68, Michigan 66, with
a last minute basket by guard
Jack Jones giving the Bucks their
sixth win in 20 starts this season.

It was Michigan's eighth loss
in 10 conference games. Michigan
had a halftime edge of 35-33.

Playing at Cincinnati, Xavier
defeated Louisville, 72-69, in a game
featuring by circus shots and hard-
driving rallies. Center Gene Smith
of Xavier led scoring with 21
points.

Toledo University, playing at
home, defeated Wayne of Detroit,
68-48, by completing 24 field goal
attempts. Toledo was ahead at the
half, 42-26.

Bluffton easily downed visiting
Huntington, Ind., 74-59, leading
all the way.

In other games, Marshall College
of West Virginia defeated
visiting John Carroll, 79-66, the
college of Steubenville, playing at
home, beat Frostburg, Md., 86-49,
and Capital romped over Kenyon,
75-65, at Columbus.

Kent State Admitted

To Mid-A Conference

DAYTON, Feb. 20.—(AP)—The
Mid-American Intercollegiate Ath-
letic Conference now has seven
members, with the admission of
Kent State University.

Kent will join conference ac-
tivities in May during the spring
sports carnival at Ohio University,
when league track, golf and tennis
championship matches are play-
ed.

The conference commissioner,
Dr. David Reese of Dayton, last
night announced admission of
Kent.

Reese said Kent will be worked
into conference football, basket-
ball and baseball schedules "as
soon as possible."

In other actions the conference
moved to "contract the inroads
of military service into sports" by
waiving the freshman eligibility
rule as of April 1.

Conference members include
Cincinnati, Miami of Ohio, West-
ern Michigan, Western Reserve,
Toledo and Ohio University.

Miceli Contender

For Welter Title

PHILADELPHIA, Feb. 20.—(AP)—
Joe Miceli emerged as a con-
tender for the welterweight cham-
pionship by punching lightweight
king Ike Williams groggy last
night, but it won't do him much
good.

The young New York Italian
has a date with Uncle Sam in a
few days.

The 7,801 fans who paid \$27,385
to see the 10-round battle at the
arena stood and cheered as Miceli
pounded Williams with a side arm
left that landed on the champ's
face and body with sledgehammer
force. And when the left failed,
Miceli lashed out with a right that
was equally potent.

Fire Guts Farm Home Near Here

Bloomington Truck Answers Call Monday

Fire from an exploding oil heater caused considerable damage to the Charles Wallace farm home on the CCC Highway a few miles east of Washington C. H. about 5 P. M. Monday.

Since Wallace's home is located in Marion Township and his fields are in Paint and Union townships there was considerable delay in getting a truck on the scene because the question of jurisdiction arose.

While Wallace frantically tried to summon help, the fire spread further throughout his home and eventually threatened to destroy it.

He said he first called the Bloomington fire department, and failing to get an immediate promise of help, telephoned to the Washington C. H. fire department. He was told that his farm was in the area served by the Bloomington department, so he called Bloomington again.

He was told that he should call one of the trustees so that a visit by the fire truck could be authorized. Finally after what he termed "a 10 or 15-minute delay," the new \$6,500 Bloomington pumper and tank truck arrived on the scene.

"They really did a good job once they got there," Wallace declared Tuesday morning in praising the fire fighting efforts of the volunteer crew.

He said he was eating supper with his two boys and wife when the oil heater or furnace exploded "right back of me."

Flames shot into the air, and clouds of black smoke filled the house.

The youngsters were taken outside, and the Wallaces started moving their furniture out of the smoke and fire-filled home. Wallace shut off the gas and oil supply to his home.

By the time the Bloomington truck, which has a contract to serve Marion and Paint Townships and the corporation of Bloomington, arrived the fire had traveled upstairs.

Wallace said the New Holland fire department was summoned and arrived on the scene about 5:40 P. M., but by then the Bloomington truck had the blaze under control. Under agreements fire trucks which venture out of areas not included in contracts are not covered by insurance. The new Holland truck has contracted to serve part of Marion Township, it is understood.

Wallace said he and his family would be unable to live in the house until it had been repaired.

Asked Tuesday morning where he would live until the house was repaired, he replied: "I don't know."

He said he and his family stayed with his mother-in-law Monday night. Wallace said he was going to try to find an apartment or house for a month or two.

Daniels Debt Hike

(Continued from Page One)
nancing construction of school buildings in districts which already are bonded to the legal limit.

Nine Republicans joined the Senate's seven Democrats to approve Daniels' amendment. Fifteen Republicans opposed it.

Since the Daniels amendment killed the Mechem amendment, the measure passed the Senate in the same form it passed the House, completing legislative action.

In supporting his amendment which he succeeded in having adopted, Senator Daniels made a strong talk.

Points To Fayette County

He said in part:

"Normally a 6% debt limitation has been accepted as a reasonable debt limitation, but due to the tremendous needs for school building construction, the General Assembly, for a two year period, approved the extension from 6% to 8% two years ago, and this bill as passed by the House of Representatives would merely continue this extension for another two-year period, however, as amended by the Taxation Committee of the Senate, this bill would further increase this bonding power to 10%."

"The State Board of Tax Appeals, under authority of H. B. No. 644, enacted into law two years

ago, is forcing County Auditors to raise their tax duplicates in order to equalize tax assessments in Ohio. For example, Fayette County, which is in my district, was forced to increase its tax duplicate 40% in one year. If we should now increase the debt limitation to 10%, the bond issuing power in the districts in Fayette County would be increased 133% over the bonding power of the districts prior to 1949. The 8% debt limitation that was provided in this bill by the House of Representatives, represents an increase of 87%—and this proposed additional 2% would further extend the effective debt limitation an additional 46% in Fayette County. A similar situation exists in Athens County, where the tax duplicate was increased approximately 35% this year.

(Fayette County officials estimate the realty duplicate in Fayette County was increased by only 16.08 percent. Broken down, they calculated the increase was 13.41 percent in the townships and in Washington C. H. 21.86 percent. Those estimates were given in December of 1949.)

"Bonds are usually issued for an average of 23 years, and an over-extended debt situation will have disastrous effects upon school districts, which are being forced to vote extra millage for operating purposes to meet increased cost. It should be remembered that Ohio, unlike most other states, has a 10-mill limitation.

Burden on Real Estate

"Real estate cannot—and should not bear the entire burden of providing adequate classrooms for Ohio's school children.

"School districts are required to submit operating levies to the electorate practically every two or five years. A high percentage of bonded indebtedness in school districts forces a high debt levy, and it will be more and more difficult to pass operating levies where the rate to retire bonded indebtedness is already extremely high.

"The complaint has been made that the various school districts throughout the State are not, and have not been providing the finances that they should for school buildings and the public educational program, and in this connection, I want to point out the fact that since 1946 the bonded indebtedness of the school districts in Ohio has gone from \$99,534,060 up to \$236,656,349, an increase of 136%.

"While it is true that some school districts may be able to meet their building needs, if we should raise the debt limitation to 10%, these districts will be in a bad financial condition, because the bonds are the first obligation of a school district, and the district will be unable to meet operating expenses—unless the voters also approve high operating rates."

DOWNTOWN DRUG

Three-Vehicle Crash Occurs Here Tuesday

Two cars and a truck loaded with steel were involved in a traffic collision which occurred about 11:25 o'clock Tuesday morning at the corner of North and Market Streets.

Mrs. Edward H. Miller of Mt. Vernon, was slightly injured. She was in the 1948 Chrysler sedan driven by her husband and which, according to reports, ran a red light while traveling west on Market Street.

His car was struck by a big semi truck driven by John French of Springfield, which spun the Miller car around out of control and into the parked 1942 Chevrolet owned by Paul Elliott, 331 Grove Avenue.

The left rear fender and hub cap of the Elliott car was damaged while the right rear fender of the Miller car was torn off from the impact.

No charges were filed by any of the drivers involved in the collision.

Revenue Office To Take Holiday

The office of the Internal Revenue Department, in room 1 of the Masonic Temple building here is closed all day Thursday for the Washington's birthday holiday, Edward McRoan, the deputy collector said Tuesday.

McRoan said the big rush of taxpayers wanting help in filing their income tax returns had subsided since the deadline for farmers to make their returns.

For the present, he said, there is just a "steady stream" of taxpayers coming to the office. Most of them, he explained, are persons whose chief income is from wages and salaries. Their returns usually are simple, he declared, since their income taxes are withheld. Only rarely now, he said, "do they have to wait in line."

The customary rush to the office for help is not expected until the approach of the March 15 deadline for filing this type of return.

Willard Bitzer

(Continued from Page One)

The board members insisted that this policy should be maintained as long as possible unless the difference in price should become so pronounced that the hospital showed signs of a serious financial loss.

More than 4,100 U. S. communities are entirely dependent upon buses for local mass transportation.

Stores, Public Offices Here To Observe Holiday

Banks, city, state, county and federal offices will observe Washington's birthday on Thursday by closing their doors for the day.

The Post Office will not make any regular deliveries. All offices in the Court House will be closed Thursday, including the treasurer's office.

The auditor's office in the City Building will also be locked up for the day.

As usual, the Record-Herald will publish an edition. Many of the downtown business workers get the afternoon off Thursday as usual and will be able to observe the holiday.

Police Arrest Two More for Fight in Club

Two additional arrests were made Monday in connection with a fight which occurred Saturday night in Moose Club rooms.

Herbert Sword, 31, was taken into custody on a charge of disorderly conduct. He posted \$50 bond.

He was charged with fighting with Ronald G. Matthews, who was the first man arrested and who was fined \$25 and costs in police court Monday.

The third man was Ralph Butcher, 43, of Washington C. H., who was charged with interfering with an officer in the discharge of his duty. He posted \$100 bail for appearance in police court.

Police said Butcher interfered when the officer was arresting Matthews.

Police Monday evening arrested Willard Easter, 34, for being in physical control of a motor vehicle while intoxicated. He was locked up for appearance in police court Tuesday. His car was placed in a garage.

A state highway patrolman arrested John W. Keefe, Cincinnati, for driving 80 to 85 miles on a wet highway Monday. In May or Harry Junk's court in Mt. Sterling, he was fined \$20 and costs.

The patrolman said Keefe also crossed a yellow line while speeding.

Evangelistic Services Here

A SERIES OF Evangelistic services will begin Tuesday night (tonight) at First Baptist Church, with Rev. Herman S. Ray (above) of Dayton, the evangelist.

Rev. Ray is a graduate of Wake Forest College and The Southern Baptist Theological Seminary. He is the son of missionary parents and served for three years as a missionary in Japan. He is now pastor of the Linden Avenue Baptist Church in Dayton.

The series will continue from Tuesday through Friday 7:30 P.M. and will close with the service Sunday evening. The public is invited to attend.

veysburg, is being held in the county jail on a charge of permitting gambling on his premises.

Two Injured In Car Crash West of Here

Two persons were injured at 9:10 P. M. Monday in an auto collision in front of Bowland on the Wilmington Road a short distance west of Washington C. H.

The accident occurred, according to State Highway Patrolmen M. E. Brinkles and John Wyatt, when Mary A. Varney of near Washington C. H. left the Bowland driveway and entered the CCC Highway.

Her car was headed toward this city, when Herbert Callif of Columbus, also headed toward Washington C. H., crashed into the rear of the car as it swung in front of him.

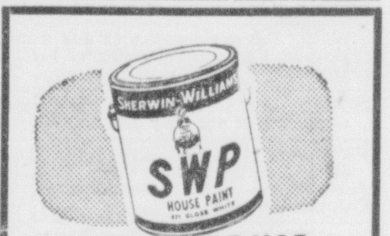

Both cars were damaged extensively.

Miss Varney sustained an injured neck and other injuries, and Callif received chest injuries and possible fractured ribs.

Both were taken to Memorial Hospital by the patrolmen for treatment and were released.
